

12ISC150 Narada

Is the Narada 12ics150 a good monobloc?

The Narada 12ICS150 is well suited to replace traditional 19" and 23" V-RLA/AGM and VRLA/GEL monoblocs in applications where space is limited, power is unreliable or diesel hybrid operation is present.

What is a Narada ICS battery?

The Narada ICS series batteries are named for Intensive Cycle Service. These are 12V front terminal deep cycle batteries with an innovative layout design and high quality manufacturing.

What is Narada's quality management system?

Narada ensures a strict quality management system. Narada has achieved ISO9001 & TL9000 certification from TUV Germany making them the first storage battery manufacturer that has received TL9000 certification of quality management system standards.
