

# 3KW Hybrid Inverter with Charger Amplec

What is a 3kva 3kV 24V hybrid inverter?

Unleash the Power of the Sun with the 3KVA 3KW 24V Hybrid Inverter! Experience the ultimate energy solution with the 3KVA 3KW 24V Hybrid Inverter. This powerful and innovative device combines the functionality of an inverter and a solar charger controller, revolutionizing the way you harness solar energy.

Why should you choose a 3kva 3kV hybrid inverter?

During sunny days, the inbuilt solar charger controller optimizes the charging process, reducing your dependence on the grid and saving you money on electricity bills. Safety is a top priority, and the 3KVA 3KW 24V Hybrid Inverter excels in this aspect.

What is the EG4 3KW hybrid inverter charger?

The EG4 3KW hybrid inverter charger is an easy to install and high performing 3,000 watt (3kW), 120V - 240Vac, continuous power system for grid-tied or stand-alone solar power generation for small builds and critical loads panels.

What is a hybrid inverter & a solar charger controller?

This powerful and innovative device combines the functionality of an inverter and a solar charger controller, revolutionizing the way you harness solar energy. With its impressive 3KVA(3KW) power capacity, this hybrid inverter can effortlessly handle the energy requirements of your home or small business.

What are the best hybrid inverters?

Sungrow SH-RS series are our favourite hybrid inverters due to their numerous features, wide variety of sizes, high backup power rating, simple design and affordability. The SH-RS series is available from 3.0kW to 10kW and features 200% solar oversizing, a digital display, instantaneous backup power, and high efficiency.

Do hybrid inverters provide emergency backup power during a blackout?

Most hybrid inverters can also provide emergency backup power during a blackout. Hybrid inverters for residential use are available from 3kW up to 15kW in single or 3-phase varieties with various intelligent control features.
