

51 2V 100Ah 5Kw Wall Mounted Lifepo4 Powerwall Home Energy Storage

What are the features of a LiFePO4 battery?

Features: Voltage Options: Available in 48V DC and 51.2V DC standard voltage. Capacity Choices: Choose from 50Ah, 100Ah, 150Ah, and 200Ah options to meet your specific energy needs. Energy Efficiency: Boasting an impressive 98% efficiency at 0.5C, our LiFePO4 battery ensures optimal energy utilization.

What is a sg48100m Powerwall lithium battery?

Introducing the SG48100M Powerwall LiFePO4 Lithium Battery--a 5.12KWH powerhouse for energy storage. This compact and easy-to-install 48V 100Ah LiFePO4 solution is maintenance-free, tailored for solar applications. Seamlessly integrate it into your energy storage system for increased capacity.

Why should I upgrade to a LiFePO4 battery?

Upgrade to our 51.2v 100ah LiFePO4 battery and experience a reliable and efficient power solution. Choose the perfect combination of voltage and capacity to suit your specific requirements. Invest in a power source that delivers performance, longevity, and peace of mind.

What is the operating temperature of a LiFePO4 battery?

Temperature Specifications: Wide operating temperature range from -20°C to 65°C for reliable performance in various environments. Upgrade to our 51.2v 100ah LiFePO4 battery and experience a reliable and efficient power solution. Choose the perfect combination of voltage and capacity to suit your specific requirements.
