

6FM20 ESG New Energy

Who is Guangzhou ESG new energy technology?

Guangzhou ESG New Energy Technology Co., Ltd. is a company dedicated to the research, development, production, and sales of renewable energy products. Our product range includes lithium batteries, lead-acid batteries, inverters, solar panels, and wind turbines.

Why is ESG important?

The ESG factory has invested over \$3 million in advanced technology. The production equipment for battery lead plates is the most advanced in China. By improving the technology of lead plates, a crucial component of batteries, ESG ensures better consistency and stability for each product.

Why are ESG lead plates important?

The production equipment for battery lead plates is the most advanced in China. By improving the technology of lead plates, a crucial component of batteries, ESG ensures better consistency and stability for each product. Experimental testing has proven that ESG lead plates have no corrosion points, resulting in a 30% increase in battery life.
