

8 OPzV 800 Master Battery

What is a powersafe OPzV battery?

The PowerSafe OPzV range of valve regulated lead-acid batteries uses a proven combination of gel and tubular technologies to offer a very high level of reliability. These single cells benefit from an optimised plate design that gives capacities in excess of DIN standard values.

What are OPzV batteries?

OPzV batteries These are gel-based lead-acid batteries that offer all the benefits of OPzS batteries with the added advantage of being maintenance-free. The gel electrolyte makes them more robust and resistant to temperature variations, vibrations, and other environmental stresses.

How long do powersafe OPzV batteries last?

Proof against deep discharge according to DIN 43539 Part 5 Classified as "Very Long Life" (> 12 years) according to the Eurobat guide Batteries must be installed in accordance with IEC 62485-2 and national/local regulations The management systems governing the manufacture of PowerSafe® OPzV batteries are ISO 9001, ISO 14001 and ISO 45001 certified
