

AF-TH-0 Series 3-30KW

What is the power range of Afore af3-30k-th?

The Afore AF Series three phase storage inverters are designed to increase energy independence for homeowners and commercial users. The power range is from 3.0kW to 30kW, compatible with high voltage (150-800V) batteries. Find out all of the information about the Afore New Energy Technology (Shanghai) Co., Ltd. product: hybrid inverter AF3-30K-TH.

What is a Sunplus AF-T Series 3 phase storage inverter?

The Sunplus AF-T Series three phase storage inverters are designed to increase energy independence for homeowners and commercial users. The power range is from 3.0kW to 30kW, with 2 MPP Trackers, compatible with high voltage (150-800V) batteries.

What is the power range of a 3 phase hybrid inverter?

The power range is from 3.0kW to 30kW, compatible with high voltage (150-800V) batteries. A three-phase hybrid inverter integrates advanced technology to efficiently manage energy in three-phase electrical systems.

What is a 3-phase hybrid inverter?

Hybrid inverters are the heart of a solar energy storage system and enable homes or businesses to increase the amount of self-consumption of solar energy by storing excess energy during the day. 3-phase hybrid inverters work like a standard 3-phase solar inverter but also contain a battery inverter charger and connection.

What is Af-tpH series?

AF-TPH Series can make a smart UPS-level switching to the backup mode in less than 10 ms, ensuring essential loads experience no interruption. Peak shaving is also supported to reduce power consumption during periods of high demand, which would reduce peak demand charges.
