What is a SolarEdge home battery?

Deliver backup power when and where it's needed most with our highly efficient SolarEdge Home Battery 48V. SolarEdge Home inverters allow a DC oversizing rate of up to 200% and the battery provides an ideal storage option for housing all that excess power in both on-grid and backup* applications.

Does operating the SolarEdge home battery void the warranty coverage?

Operating the SolarEdge Home Battery at extreme temperatures for extended durations of time may void the battery warranty coverage. Please see the SolarEdge Home Battery Limited Product Warranty for additional details.

Does SolarEdge have a heating procedure?

SolarEdge has implemented an internal heating procedure to mitigate the effect of the charge power derating at low temperatures. This heating procedure consumes some of the charge power. Operating the SolarEdge Home Battery at extreme temperatures for extended durations of time may void the battery warranty coverage.

Is SolarEdge a registered trademark?

SOLAREEDGE, the SolarEdge logo, OPTIMIZED BY SOLAREEDGE are trademarks or registered trademarks of SolarEdge Technologies, Inc. All other trademarks mentioned herein are trademarks of their respective owners. Date: February 5, 2024 DS-DS-000141-EU. Subject to change without notice.
