

# Battery Module 15K Pack HV Soluna

What is Soluna 15K pack HV?

**Product Introduction** The Soluna 15K PACK HV is an NCM lithium battery product with a BMS (Battery Management System). It is a high-voltage battery module with CAN communication, under-voltage, over-voltage, over-current, over-temperature, under-temperature protection functions.

Are Soluna 15K pack HV batteries safe?

The Soluna 15K Pack HV battery pack comprises multiple batteries that are designed to prevent hazards resulting from failures. However, Soluna cannot guarantee their absolute safety. If the battery pack leaks electrolyte, avoid contact with the leaking liquid or gas. Electrolyte is corrosive and contact may cause skin irritation and chemical burns.

What are the features of Soluna HV Pack series?

**Advanced Safety Features:** Integrated with UL1642, IEC62619, and UL1973 certified components for enhanced safety. **Eco-Friendly:** Utilizes Lithium LEP technology for a greener, more sustainable energy storage solution. The Soluna HV Pack Series goes beyond traditional battery storage by enabling seamless integration with solar panels and the grid.

Can you put foreign objects in a Soluna 15K pack HV battery pack?

Do not insert foreign objects into any part of the battery pack. Do not use cleaning solvents to clean the battery pack. The Soluna 15K Pack HV battery pack comprises multiple batteries that are designed to prevent hazards resulting from failures. However, Soluna cannot guarantee their absolute safety.

Are Soluna batteries safe?

However, Soluna cannot guarantee their absolute safety. If the battery pack leaks electrolyte, avoid contact with the leaking liquid or gas. Electrolyte is corrosive and contact may cause skin irritation and chemical burns. If one is exposed to the leaked substance, do these actions:

Should I read the Soluna installation manual?

Reading this manual before you attempt to install the product, and follow the instructions throughout the installation process. If you are uncertain about any of the requirements, recommendations, or safety procedures described in this manual, contact Soluna immediately for advising and clarification.

The Soluna HV Pack 10K/15K L-E is a High-voltage LiFePO<sub>4</sub> battery storage system designed specifically for households and small businesses. Pairing with a compatible hybrid inverter for flexible system design, daily storage and peak ...
