

Benergy 12V 40Ah Benergy

Who is Benergy battery?

Benergy Battery is a manufacturer who mainly produces 12v lithium ion battery, lithium solar batteries, lithium ion battery pack with years of experience. Hope to build business relationship with you.

Who is Benergy Tech & Rd team?

We are experienced in customized batteries and have RD team. Benergy Tech Co. Ltd is a battery manufacturer which specializes in producing advanced Lithium Iron Phosphate (Lifepo4) batteries and Lifepo4 battery packs since 2009.

What are Benergy lithium batteries used for?

Benergy lithium batteries can be widely used for electric vehicles, solar system, UPS, power tools, energy storage system etc. 13+ years of industry experience designing & manufacturing lithium-ion battery packs for various applications.

Can Benergy smart battery mix with lead acid battery?

Benergy New designed battery 48V 51.2V 100AH smart battery put into mass production. Battery pack can mixture to use with lead acid battery. Customer just need to replace part of lead acid battery modules, which can save a lot of costs for you. Please contact us with any questions you may have by filling out and sending the form below.

How Benergy can help a customer choose a battery?

Completed R&D platform for battery cells, not only help customer to choose cell from available models but also can design special cells based on customer's application. Benergy have our own technology to produce high discharge rate cells which can support 3C continuous or more (max 58C).

Why should you choose Benergy?

Benergy have our own technology to produce high discharge rate cells which can support 3C continuous or more (max 58C). And we are providing low temperature cells which can charge and discharge under -40°C. Professional battery performance and safety & reliability testing laboratory. Can design, produce and test high voltage energy storage system.

12V 40Ah Deep Cycle Lithium Battery. The RB40 lithium iron phosphate battery is powerful, yet compact enough to fit into many deep cycle applications. Ideal for fishing electronics, robotics, solar lighting, remote power and outdoor ...

A beginner friendly 12V battery with over voltage, under voltage, temperature, and overcurrent protection built in. Easy to series together for higher voltage applications. Price per kWh: \$160/kWh. Shipping: Free Ground. Warranty: 6 ...
