

Darlington Point and Riverina, a BESS project in New South Wales, Australia, equipped with Tesla Megapacks. Image: Edify Energy. Australia-based battery energy storage system (BESS) developer, owner and operator Stor-Energy has received a strategic investment from HMC Capital, an ASX-listed asset manager.

1 st November 2021 - The Japanese listed company Nippon Koei Co. Limited, via its 100% owned subsidiary Nippon Koei Energy Europe B.V., and Aquila Capital, a sustainable investment management and asset development company, headquartered in Hamburg, Germany, are pleased to announce the financial close for a 25MW/100MWh grid-scale battery energy ...

The heat from solar energy can be stored by sensible energy storage materials (i.e., thermal oil) [87] and thermochemical energy storage materials (i.e., $\text{CO}_3\text{O}_4/\text{CoO}$) [88] for heating the inlet air of turbines during the discharging cycle of LAES, while the heat from solar energy was directly utilized for heating air in the work of [89].

Skelton Grange, the site for Catalyst Capital's 100MW battery facility in Yorkshire, northern England. Image: Catalyst Capital. Two battery energy storage system (BESS) projects in the county of Yorkshire, northern England, have been acquired by Catalyst Capital, a European real estate investor, and Israel-headquartered renewable energy independent ...

Moreover, thermal energy storage in lava has broader geological implications. As it cools and solidifies, the crystalline structures formed within the lava can retain heat for extended periods. This stored energy may later be released as geothermal energy, which can be harnessed for human use in the form of geothermal power plants, heating ...

EXCELSIOR, Minn. - (Business Wire) - Excelsior Energy Capital ("Excelsior" or "the firm"), a leading renewable energy infrastructure investor, today announced the sale of a portfolio of 38 solar energy and solar plus storage projects from its Fund I portfolio to BlackRock's Evergreen Infrastructure Partners Fund ("BlackRock ...

Do you have energy storage FOMO yet? ("Fear of Missing Out") Given all the headlines and hype, you would be normal if you did. But in order for the energy storage market to realize on the somewhat insane \$620B in projected investments by 2040, then we need venture capital and strategic investors to scale battery companies that reduce costs, have longer ...
