

What is the Energy Industry Summit & exhibition?

The summit and exhibition will be hosted until the 21 st September 2023 and brings together hundreds of industry leaders, policymakers, industry experts, and innovators to collectively explore the relevant opportunities and challenges facing the energy industry in China, Asia, and globally.

Why should you attend the China Energy Summit & exhibition?

As dmg events continues to expand its business and activities throughout Asia, the China Energy Summit and Exhibition will remain a prominent platform in the industry calendar and a significant part of the dmg events global energy event portfolio.

How can energy storage improve China's transitioning economy?

Promote business and government partnerships that strengthen the energy storage industry in China and abroad. Manage demonstration projects to show policymakers how energy storage is the key to China's transitioning economy.

Is energy storage the key to China's transition to a cleaner economy?

We believe that energy storage is the key to China's transition to a cleaner, more resilient economy. As China's first energy storage industry association, we are proud to: Produce quality research on the projects, players, and policies shaping the industry.
