

A Caixa de Abelhas é uma estrutura fabricada usada para criar Abelhas e acumular Mel, que pode ser colhido. A Caixa de Abelhas é encontrada na Aba de Comida e requer a Mochila de Círculo para fazer o protótipo. É necessário 1 Favo de Mel (Honeycomb), 4 abelhas (Bee) amarelas e 2 tábuas de madeira para ser construída. Quando destruída por um Martelo, ela ...

The Inventory is a section of the User Interface where the player character's held Items are displayed and accessed during gameplay. The player can hold up to fifteen different stacks of items in the Inventory. Equipable Items can be placed in their respective equipment slot. The first fifteen slots holds all types of items, minus Backpacks. The "left hand" slot allows the ...

This page lists Wickerbottom's Quotes which are spoken when the player examines an in-game item or object, or when the world under goes a certain event, such as Hound attacks or Earthquakes. The player can alt-click items and objects to examine them. Axe- "A dual inclined plane attached to a lever." Luxury Axe- "The most malleable of metals, but let's see how this ...

The Teletransport Station is a structure exclusive to Don't Starve Together, introduced in the Skill Spotlight Updates. It can only be crafted by Winona with 6 Trusty Tapes, 6 Electrical Doodads, 3 Boards, and 1 Gizmo after learning the Founder's Keepers II skill and scanning the corresponding Unstable Transmission with a Calibrated Perceiver. The Teletransport Station is crafted as an ...

This page lists Wagstaff's quotes, which are spoken when the player examines an in-game object, or during certain in-game events. The player can alt-click items and objects to examine them. Axe- "Employs a wedge of precisely 45 degrees." Luxury Axe- "Fascinating! Gold has much more durable properties here." Shovel- "It is amazing what some twigs and flint can build." Regal ...

The Mysterious Energy is an object exclusive to Don't Starve Together and introduced in Return of Them. It appears once the Celestial Altar, Celestial Tribute, and Celestial Sanctum are built at less than 5 tiles or 20 units away from each other. After spawning, the Mysterious Energy will release a pulse, completely replacing the current day with a Full Moon and causing ...
