

This year's edition of the China International Energy Storage Expo (EESA EXPO) has underlined the latest energy density achievements in the battery energy storage space on both cell and system levels. Meanwhile, the sheer number of commercial and industrial (C& I) systems on display spoke of growing demand in this market segment. Alternative lithium ...

According to S& P Global, HyperStrong is among the top five BESS integrators worldwide in terms of projects installed as well as total pipeline as of July 2023. Based on the ranking of EESA (Electric Energy Storage Alliance), HyperStrong has been consecutively ranking the No. 1 ESS integrator in the Chinese market from year 2021 to 2023.

Envision Energy has launched a advanced 5 MWh containerized liquid-cooled battery energy storage system (BESS). The system not only enhances Envision's energy storage product lineup but also sets new benchmarks for safety and performance in the industry, the company claims.

Narada Power is one of the first enterprises in China to expand the C& I applications of energy storage, which is the leading application in installed capacity size and the number of projects. At the beginning of 2019, Narada actively responded to market changes, strategically adapted its energy storage business sector, and shifted from an ...

The energy storage sector reached new heights in 2023, as showcased at the annual Energy Storage Carnival and the release of the Global Energy Storage Shipment Rankings for Chinese Enterprises by the Electric Energy Storage Alliance (EESA).

CNESA publishes an annual white paper detailing the latest trends in energy storage, with exclusive data and insights to keep you informed. See our 2023 white paper here. Partnerships China energy storage INTERNATIONAL conference & Expo . CNESA hosts China's most authoritative energy storage conference and expo each year.

The Energy Storage Global Conference 2024 (ESGC), organised in Brussels by EASE - The European Association for Storage of Energy, as a hybrid event, on 15 - 17 October, gathered over 400 energy storage stakeholders and covered energy storage policies, markets, and technologies. 09.10.2024 / News
