

Long-duration energy storage (LDES) is the linchpin of the energy transition, and ESS batteries are purpose-built to enable decarbonization. As the first commercial manufacturer of iron flow battery technology, ESS is delivering safe, sustainable, and flexible LDES around the world.

That means improving governance of the electricity sector and bolstering the financial stability of Kenya's state-owned electricity distribution group, Kenya Light and Power Company (KLPC), as well as improving access to energy in support of the Kenya National Electrification Strategy (KNES), which aims to bring power to all communities in the African ...

Ormat has been developing as well as acquiring energy storage assets for some time, to add to a 933MW generation portfolio, while the company claims to have engineered, manufactured and constructed 3,000MW gross capacity of power plants to date, which are either under its ownership or were projects executed for utilities and developers in a number of ...

Iberdrola is one of Spain's largest utilities and is also active as an independent power producer (IPP) internationally. Image: Iberdrola. Utility and independent power producer (IPP) Iberdrola will deploy battery energy storage system (BESS) projects in Spain adding up to 150MW/300MWh, to be co-located with existing PV plants.

Mexico is aiming for a renewable energy mix of 50% by 2050. Progress has been made recently on a 1GW PV, 190MW BESS co-located project in the north, which Fajer said represented a shift in government thinking on energy storage. In June, Spain-based power conversion specialist Ingeteam revealed it provided equipment for the first phase of the ...

Energy-Storage.news" publisher Solar Media will host the 6th Energy Storage Summit USA, 19-20 March 2024 in Austin, Texas. Featuring a packed programme of panels, presentations and fireside chats from industry leaders focusing on accelerating the market for energy storage across the country. For more information, go to the website.

As one of the top 10 flywheel energy storage manufacturers, Huachi Kinetic Energy (Beijing) was founded in 2019. The company's headquarters is located in the Zhongguancun Urban Science and Technology Frontier Technology Innovation Center, and the R& D and production base is located in Tongling City, Anhui Province.
