

Energy storage workshop promotional quotes

Why is energy storage important?

Energy storage is a key topic for research, industry and business, gaining more and more interest. Supercapacitors (also known as ultracapacitors, electrochemical capacitors or double-layer capacitors) feature exceptional capacitance values reaching hundreds or even thousands of farads.

What is the workshop program?

The workshop program is conceived to be more than a simple overview: this will offer a way for people in related fields to meet and share ideas. A specific area will be available for exhibitors. Thanks to the support of prestigious sponsors and to the speakers' commitment, the workshop participation is totally free.

Are all posters eligible for the workshop awards?

All the posters presented by students are eligible for the workshop awards. The number of awards will depend on the available funds. For reference, in a previous edition two awards were assigned, each award included a grant of 200 EUR.
