

GPL12V 100Ah VRLA Gel Battery

How much does a npg12-100 Ah battery weigh?

Weight: 67lbs. Maintenance-free and spill proof because of the AGM & VRLA (valve regulated) technology that eliminates spills and over pressure and with Low Self-discharge Rate, less than 3%. ?NPG12-100Ah & Wide Application? NPP Gel Deep Cycle battery that can be mounted in any position, Resists shocks and vibration.

What is npg12-100ah & wide application?

?NPG12-100Ah & Wide Application? NPP Gel Deep Cycle battery that can be mounted in any position, Resists shocks and vibration. Long lasting high performance in high and low temperatures. The Gel battery can be used at widely difference in temperature from subzero 40° C (-104° F) to 60 ° C (140° F).

What is a gel battery?

Gel batteries adapt better to extreme temperatures and are less likely to experience thermal runaway. The GEL battery uses a silica type gel to suspend the electrolyte. Manufactured with advanced valve regulated technology, JJN Deep Cycle Hybrid GEL Batteries save you from acid leakage and frequent maintenance.

What is npg12-200ah AGM battery?

The NPG12-200Ah Sealed Lead Acid AGM Gel Battery is made with heavy duty lead calcium grids with 10+ years of floating design life. Recommended use: UPS, Uninterrupted Power Supply, Wind and Solar Applications, RV, Firefighting Equipment, etc...

Does the Mighty Max ml100-12 gel need water?

Delivering power when you need it, the Mighty Max ML100-12 GEL 12-Volt 100 Ah (maintenance free) battery which features a built-in volt meter and charge status indicator requires no addition of water during the life of the battery. The Mighty Max ML100-12 GEL is a true deep cycle battery that can be mounted in any position, requires no maintenance.

What are the advantages of NPP gel series battery?

?Enough Capacity & Best Performance? Compared with other battery, NPP Gel Series battery with smooth discharging voltage and mild discharge platform. The Gel battery can be stored almost two years with electrification, which is four times more than traditional AGM battery. It can be put into use without charging immediately.

3.2%; Delivering power when you need it, the Mighty Max ML100-12 GEL 12-Volt 100 Ah (maintenance free) battery which features a built-in volt meter and charge status indicator requires no addition of water during the life ...

GPL12V 100Ah VRLA Gel Battery

12V100G Forbatt GEL Household, Security Battery Forbatt AGM batteries are perfect for normal use on household and security without special Conventional electrical requirements. This battery features M8 Threaded Screw In. Product ...
