

GSL 10 24kWh Solar Powerwall Home Battery GSL Energy

What is a GSL power storage wall?

GSL Power storage wall is a battery that stores energy, detects outages and automatically becomes your home's energy source when the grid goes down. Your system detects outages, powers your home and electric vehicle with backup energy and automatically recharges with sunlight to keep your appliances running for days.

What is the GSL Powerwall lithium battery?

The GSL Powerwall lithium battery, specifically an LFP-lithium iron phosphate battery, is a new environmental-friendly backup power system product made of cathode materials, a battery cell, and a BMS (battery management system), all processed by GSL's self-developed core technologies. It is the latest HESS battery system from GSL.

Where is GSL energy located?

GSL ENERGY's headquarter is located in Longgang District, Shenzhen City, Guangdong Province, covering an area of more than 1,400 square meters.
