

DOI: 10.12028/J.ISSN.2095-4239.2017.00094 Corpus ID: 216804761; The new research progress of thermal energy storage materials @article{Guanghui2017TheNR, title={The new research progress of thermal energy storage materials}, author={Leng Guanghui and Cao Hui and Pengfei Hao and Chang Chun and Xiong Yaxuan and Jiang Zhu and Cong Lin and Zhao ...

In the whole new energy product development and production process, we always in strict accordance with high standards to standardize the workflow, such as ISO 13485, comprehensive QC and GP system, to ensure that our products meet the highest standards in the industry. ... Energy Storage Solution; Energy Management Solution; Resources. Blog ...

The third phase of 2# 160,000 cubic meters of storage tanks of Guanghui Energy's LNG receiving station and supporting terminal facilities in the Lusi Port Area of Nantong Port, Jiangsu Province, has completed 93% of the total engineering volume by the end of the first quarter of 2020; the LNG gasification and the supporting seawater intake and ...

Cold chain logistics is the process of transporting fresh products from producer to consumer in a constant low-temperature environment. Cold chain logistics efficiency is directly related to food safety and energy consumption. At present, cold chain logistics equipment mainly relies on diesel engine-driven vapor compression refrigeration system, which has high energy consumption, ...

Guanghui Energy Co., Ltd. is a diversified group organized primarily around 5 areas of activity: - exploration and production of oil and natural gas; - transport and distribution of natural gas; - extraction and distribution of coal; - distribution of consumer products; - development and promotion of real estate assets.

Xinjiang-based Guanghui's listed units include Guanghui Energy, Guanghui Auto and Guanghui Logistics. The parent firm remains their controlling shareholder. Guanghui is one of the biggest car dealers in China with its affiliates China Grand Automotive Services and Grand Baoxin Auto Group. In June, Evergrande invested in another car venture ...

Guanghui Leng: Formal analysis, Conceptualization. Chuanchang Li: Writing - review & editing, Supervision, Resources, Project administration, Methodology, ... Thermal energy storage using phase change material for solar thermal technologies: A sustainable and efficient approach. 2024, Solar Energy Materials and Solar Cells ...
