

HTL Series High temperature Deep Cycle Gel battery CSPower Battery

What is HTB (high temperature long life deep cycle gel battery)?

HTB (High Temperature Long Life Deep Cycle GEL Batteries) series is pure GEL battery with 15~20 years floating design life. It is ideal for standby or frequent cyclic discharge applications under extreme environments.

What is CS battery?

Newest in 2016, CS BATTERY patented High Temperature Solar Deep Cycle long life Gel battery, best choice to work in hot/cold temperature sites and maintain long service life over 15 years. Since 2003, CS BATTERY start the research and produce sealed free maintenance AGM and GEL storage batteries.

What kind of batteries cspower factory offer?

CSPower factory offer long life deep cycle AGM/Gel Battery, OPzV Battery, lead carbon battery, Lifepo4 battery for PV Solar system... CSPOWER Factory: Continuous, Safe and Durable Battery For You. Batteries for PUmp, Medical Equipement, Lighting....

What is HTB series battery?

It meets with IEC, CE and ISO standards. With up-dated valve regulated technology and high purity raw GEL materials imported from Germany, the HTB series battery maintains high consistency for better performance and reliable standby service life. It is designed specially for using under high and cold temperature sites.

What are cspower batteries used for?

CSPOWER Batteries widely used in renewable energy system, backup system and electric motive power fields. CSPower factory offer long life deep cycle AGM/Gel Battery, OPzV Battery, lead carbon battery, Lifepo4 battery for PV Solar system... CSPOWER Factory: Continuous, Safe and Durable Battery For You.

Can HTL support urgent project?

As a factory we Can Support Urgent project with 10-15 days. OEM brand is free charge. Application: Solar power generation grid, Off Grid energy storage systems, Wind Power Systems, sweeper, forklift Products will be improved without notice, please contact sales for specification in kind prevail. HTL Pro 6V250Ah High Temperature Deep Cycle GEL...

50% DOD 1750 cycles. Three years warranty at 35°C-40°C average. Normal, 30 days for production with injection molding Lead-plate by ourself. As a factory we Can Support Urgent project with 10-15 days. OEM brand is free charge.

HTL Series High temperature Deep Cycle Gel battery CSPower Battery
