

HV-204 20 4kWh 204V Hubble Energy

Spanning from 1.2kWh to 1.2MWh, Hubble Energy provides advanced energy storage solutions to power your home, business, and beyond. ... HV Racks 1C 20.4kWh - 61.5kWh. OUTDOOR + CONTAINER RANGE. POWERING INDUSTRY. Energy Cube 107kWh - 215kWh. Container Solutions 215kWh - 1290kWh.

o Monitoring is provided by the Hubble Cloudlink integrated within the BMU. HV-204 BATTERY SYSTEM: The nominal voltage of the HV-204 battery system is 204V DC with a capacity of 20.4 kWh at a peak discharge rate of 1C or 100amp. This is achieved by connecting 4 battery packs in series with a single BMU.

HV-204 204V Nominal Voltage 20.4kWh Capacity 100Ah Rated Capacity EASY INSTALLATION SAFE + RELIABLE MONITORING INCLUDED SCALABLE. ... Hubble Cloudlink + Item Specifications Model Hubble HV-204 *Rated Capacity (5HR) 100 Ah Nominal Voltage 204 V Discharge Cutoff Voltage 179 V Equalized Charge Voltage 223 V Max. Continuous Charging ...

Model: Hubble HV-204 Rated Capacity (5HR): 100 Ah Nominal Voltage: 204 V Discharge Cutoff Voltage: 179 V Equalized Charge Voltage: 223 V ... HUBBLE HV-204 High Voltage Battery Rack - 204V / 20.4KW (4 Packs of 16 Cell LiFePO4 Batteries) quantity. Add to cart. SKU: GW-A-HUBBLE 204V 20.4KW Battery Rack Category: Solar Batteries.

The HV-204 features a rated capacity of 100Ah and boasts a nominal voltage of 204V with a 1C rating. Specification: 204V 20.4KWh Rating: 1C Parallel: Parallel up to 8 ESS Systems per string with full communications CAN Bus: Yes Over 6000 cycles at 80% DoD and up to 4000 cycles at 100% DoD. 10-year warranty, 15-year design life for the battery cells.

The HV-204 features a rated capacity of 100Ah and boasts a nominal voltage of 204V with a 1C rating. Specification: 204V 20.4KWh Rating: 1C Parallel: Parallel up to 8 ESS Systems per string with full communications CAN Bus: Yes Over 6000 cycles at 80% DoD and up to 4000 cycles at 100% DoD. 10-year warranty, 15-year design life for the battery ...
