

Lebanon iceland electric energy storage wins bid

The backing of new Electricity Market Design proposals by the European Parliament is welcome, but the plan still falls short in its support for energy storage technologies. That's the view expressed by two influential European trade groups, the European Association for Storage of Energy (EASE) and the Energy Storage Coalition.

The CIS promotes new investments in renewable energy dispatchable capacity, such as battery storage, solar, and wind power generation. This will enable Australia to meet the increasing electricity demand and bridge reliability gaps as old coal power stations phase out of the grid, something that is expected to be achieved on the National Electricity Market (NEM) ...

The weight average winning bid in this round was EUR46,680/MW/year. Research firm LCP Delta wrote a deep-dive into the dynamics which would play out in the second round for Energy-Storage.news in September. Energy-Storage.news" publisher Solar Media will host the 9th annual Energy Storage Summit EU in London, 20-21 February 2024. This year it ...

The capacity market is set to kickstart the large-scale BESS market in Poland by providing the basic building blocks of the business case, according to numerous delegates interviewed by Energy-Storage.news at Energy Storage Summit Central Eastern Europe (CEE) 2023 in Warsaw in September. Greenvolt wins 1.2GW of contracts for BESS

Energy-Storage.news" publisher Solar Media will host the 6th Energy Storage Summit USA, 19-20 March 2024 in Austin, Texas. Featuring a packed programme of panels, presentations and fireside chats from industry leaders focusing on accelerating the market for energy storage across the country. For more information, go to the website.

Major Milestone in South Africa's Energy Landscape Globeleq, Africa's leading independent power company, celebrates a significant achievement as its Red Sands project secures Preferred Bidder status.
