

# LiFePO4 Battery 2 5-10KW U-Energy

Which LiFePO4 batteries are best?

In the chart below, we compare six popular LiFePO4 batteries from Ampere Time, Renogy, BattleBorn, Eco-Worthy, AIMS and Lion Energy. All are highly-rated batteries that are great for solar power systems, RVs, golf carts, auxiliary power, trailers and more.

What is a 3 kWh LiFePO4 battery?

A 3 kWh LiFePO4 battery from simpliphi. This model is a 48V (51.2V nominal voltage), 75Ah battery, resulting in 3.8 kWh. Most 3 kWh batteries look like the one above. They come with a clean, simple, and compact design. Installation is easy given their light weight and the fact that they can be wall-mounted or floor-mounted.

How much does a LiFePO4 battery weigh?

The specific energy (amount of energy per kilogram) of LiFePO4 batteries is around 90 to 160 Wh/kg, meaning that a 3 kWh battery (3000 Wh) should weigh between 20 kg (68 lbs) and 35 kg (121 lbs). That's a significant weight to lug around, so it's no wonder why many people choose to install them in their garage or basement.

How many LiFePO4 cells are in a battery pack?

The number of cells (and their chemistry) in a battery pack will determine its nominal voltage. Individual LiFePO4 cells have a nominal voltage of 3.2V. This way, connecting four LiFePO4 cells in series results in a battery pack with a 12.8V nominal voltage. Amperage is a measure of electrical current flow.

Are LiFePO4 batteries better than lead-acid batteries?

LiFePO4 batteries are lighter and more compact compared to lead-acid batteries. The biggest downside of LiFePO4 batteries is the price. They usually cost more upfront compared to other types of lithium batteries. They are much pricier than lead acid batteries. Some brands can cost up to \$1000 or more.

Is the Lion UT 1300 a good battery?

In fact, the Lion UT 1300 is more than twice the price of the cheaper options. LiFePO4 batteries are increasingly becoming the energy storage of choice for solar systems, RVs, golf carts and other applications that require a deep cycle battery.
