

# New Renogy Voyager 10A RCC10VOYP-US Renogy

Is Renogy Voyager 10A waterproof?

Renogy Voyager 10A PWM Waterproof Solar Charge Controller w/an IP67 rating is suitable for outdoor use, with a Lithium activation and automatically senses 12/24V systems.

Is the Voyager 10A waterproof?

The Voyager 10A is a class leading 10-amp charge controller with an IP67 rating. It is perfect for outdoor use, and can withstand water spray, rain, and condensation. Equipped with advanced PWM technology, it supports both 12V and 24V off-grid applications, and is compatible with 4 different battery types, including Lithium Iron Phosphate.

What battery types does the Voyager 10A support?

Equipped with advanced PWM technology, it supports both 12V and 24V off-grid applications, and is compatible with 4 different battery types, including Lithium Iron Phosphate. The Voyager 10A also ensures your system's longevity with solar panel, battery, and controller protections. Note: Please set the voltage manually to charge lithium batteries.

How much does a Renogy Voyager PWM controller weigh?

The Renogy Voyager PWM Waterproof Controller is compact and lightweight, making it perfect for applications with limited space. With a weight of only 0.55lb, a height of 3.84 inches and a width of 6.08 inches, this controller is ready to be installed in small spaces.

What is a Voyager 10 amp charge controller?

Featuring a bright blue back-lit LCD displaying system information including error codes, the Voyager 10 amp charge controller is engineered to be of world-class quality.

Does the Voyager PWM waterproof controller work with lithium batteries?

The Voyager PWM Waterproof Controller supports both 12V and 24V systems and can automatically identify system voltage once connected to a Gel, AGM, Flooded battery bank. Please set the voltage manually to charge lithium batteries.

Featuring a blue back-lit LCD displaying system information including error codes, the Voyager 10 amp charge controller is engineered to be of world-class quality. Not only is it waterproof, but it is also equipped with advanced PWM ...
