

OPzS Battery Yangtze Solar Power

Who is Yangtze solar?

Yangtze Solar Group , founded in 1994 , has supplied more than 3.5GW photovoltaic solar panels and millions of units of batteries , solar charger controllers and solar inverters .Yangtze Solar is focusing on product development , production , system integration , sales and service .

What are the batteries made by Yangtze solar?

The batteries made by Yangtze Solar include Lithium battery,2V&12V VRLA AGM type ,VRLA GEL type ,OPzS and OPzV type which can be applied in Solar Power Plant Storage ,Wind Energy Storage,Telecommunications ,UPS ,Fire Alarm System ,Emergency Lighting ,etc .

What is an OPzS battery?

OPzS batteries are a type of deep-cycle batterycommonly used for backup power systems and renewable energy applications. Featuring a tubular plate design,deep discharge capability,ventilation,and a variable energy range. OPzS is recommended for use in off grid or renewable situations.

Who is Yangtze group?

Yangtze Group , founded in 1994 , have supplied more than 1.5GW photovoltaic solar panels and million units of batteries ,solar charge controllers and inverters . Yangtze Group is focusing on product development , production , system integration , sales and service .
