

OPzV Series BSB Power

What is a solar OPzV battery?

Sealed GEL battery, no water topping up requirements through the entire lifetime. Product variants available for both vertical and horizontal placement. Sunlight OPzV range is an advanced lead-acid battery series for energy storage systems. The ideal solution for stand-by applications requiring high levels of safety and reliability.

What is sunlight OPzV?

A premium energy solution for critical stand-by applications. Exceeding DIN standards. Sealed GEL battery, no water topping up requirements through the entire lifetime. Product variants available for both vertical and horizontal placement. Sunlight OPzV range is an advanced lead-acid battery series for energy storage systems.

Are OPzV solar batteries flame retardant?

UL94-V0 flame retardant option also available. Features of OPzV Solar Batteries... Applications... A global leader in the industrial battery market providing world-class products for Motive Power and Reserve Power applications.

Who is BSB power?

2016, Thailand EGAT installed ... BSB Power was established in 2006 and is certified as a National High-tech Enterprise and Guangdong Famous Brand Enterprise. BSB has carried out industrial strategic layout around the core concept of "providing the best energy solutions for the world".

What are Eternity technologies OPzV batteries?

Eternity Technologies valve regulated lead-acid batteries for the solar power and renewable energy market. With an innovative Gel-Technology design, Eternity Technologies OPzV batteries have a reliable maintenance-free and leakage-free construction.

What products does BSB offer?

Based on our professional division, R&D and manufacturing, BSB's products and solutions cover cost-effective VRLA Lead Acid Batteries, Lithium Batteries, Energy Storage System and ECO Plus Smart Energy Management System to global customers. We are proud to announce fresh... 2016, Thailand EGAT installed ...
