

OPzV Solar Power Eternity Technologies

What are Eternity technologies OPzV batteries?

Eternity Technologies valve regulated lead-acid batteries for the solar power and renewable energy market. With an innovative Gel-Technology design Eternity Technologies OPzV batteries have a reliable maintenance-free and leakage-free construction.

What are OPzV solar batteries?

With an innovative Gel-Technology design Eternity Technologies OPzV batteries have a reliable maintenance-free and leakage-free construction. Manufactured from Acrylonitrile-Butadiene-Styrene (ABS) which is durable and offers good resistance to heat and chemicals. UL94-V0 flame retardant option also available Features of OPzV Solar Batteries...

Are OPzV solar batteries flame retardant?

UL94-V0 flame retardant option also available Features of OPzV Solar Batteries... Applications... A global leader in the industrial battery market providing world-class products for Motive Power and Reserve Power applications.

What makes Eternity technologies unique?

With an extensive product range available Eternity Technologies prides itself on world-class product design, production processes, technical development, cost structure and global location. Eternity Technologies valve regulated lead-acid batteries for the solar power and renewable energy market.
