

OPzV Tubular Gel Battery CSPower Battery

Who is cspower OPzV tubular gel battery manufacturer?

CSPOWER is a reliable Solar Battery provider and manufacturer, it expertises in OPzV Tubular Gel Battery in China. Our products sell well at home and abroad.

What is OPzV battery?

By combining the newly developed tubular positive plates with fumed gelled electrolyte, CSPOWER created the innovative OPzV range of batteries. The range offers 20 years design life and super high deep cycling capabilities. This range is recommended for telecom outdoor applications, renewable energy systems and other harsh environment applications.

What is OPzV series tubular plate with pure gel Supper battery?

OPzV Series Tubular Plate with Pure Gel Supper long life Battery, Capacity: 2V100Ah~3000Ah. 12V100Ah, 150Ah, 200Ah, CSBattery OPzV manufacturing facilities with wealthy experience ensure it's tubular OPzV gelled batteries reliable performance, safety, outstanding battery life and value. Each cell is 100% factory tested.

What is a gel OPzV battery?

Gel OPzV batteries provide superior float and cycle performance, with up to 20-year design life in renewable and stationary applications. The batteries feature impact-resistant ABS cases and sliding terminal poles to prevent long-term damage. Gel OPzV batteries are valve regulated, maintenance-free, and provide the lowest total cost of ownership.

How long do OPzV batteries last?

Designed floating service life: >20 years @ 25 °C/77 °F. By combining the newly developed tubular positive plates with fumed gelled electrolyte, CSPOWER created the innovative OPzV range of batteries. The range offers 20 years design life and super high deep cycling capabilities.

Why should you choose discover energy storage gel OPzV tubular batteries?

Our global sales team, located in major centres around the world, is standing by to provide guidance and advice as well as answer specific questions about all of your unique applications. Discover Energy Storage Gel OPzV Tubular batteries provide long and reliable performance in reserve power applications.

By combining the newly developed tubular positive plates with fumed gelled electrolyte, CSPOWER created the innovative OPzV range of batteries. The range offers 20 years design life and super high deep cycling capabilities. This ...
