

OPzV2 Sunlike

What is sunlight OPzV?

A premium energy solution for critical stand-by applications. Exceeding DIN standards. Sealed GEL battery, no water topping up requirements through the entire lifetime. Product variants available for both vertical and horizontal placement. Sunlight OPzV range is an advanced lead-acid battery series for energy storage systems.

What is a solar OPzV battery?

Sealed GEL battery, no water topping up requirements through the entire lifetime. Product variants available for both vertical and horizontal placement. Sunlight OPzV range is an advanced lead-acid battery series for energy storage systems. The ideal solution for stand-by applications requiring high levels of safety and reliability.

Why should you choose sunlight OPzV?

The ideal solution for stand-by applications requiring high levels of safety and reliability. The Sunlight OPzV premium series employ VRLA GEL technology making this range the preferred solution for critical environments, where maintenance cost and gas emissions must be minimized. They permit high flexibility in installation.
