

PG Gel Series 12V 150Ah Plus Power Battery

What is a NPG 12 volt 250 amp battery?

The NPG12-250Ah Sealed Lead Acid AGM Gel Battery is made with heavy duty lead calcium grids with 10+ years of floating design life. The NPG series is ideal for standby power supplies or frequent cyclic discharge applications. This NPG 12 volt 250 Amp battery will give you all the power that you need when you need it.

Why should you choose npg12-250 Ah & NPP gel deep cycle battery?

Maintenance-free and spill proof because of the AGM & VRLA (valve regulated) technology that eliminates spills and over pressure and with Low Self-discharge Rate, less than 3%. ?NPG12-250Ah & Wide Application? NPP Gel Deep Cycle battery that can be mounted in any position, Resists shocks and vibration.

What is a 12V 250ah battery?

?Off grid and Energy Storage Solar battery? NPP 12V 250Ah batteries can build 24V, 36V, 48V battery bank. Designed for home energy storage, Off grid battery and Solar battery, compatibles different inverter, MPPT and charger. 12V 250Ah Gel battery has provides max. 1200+ deep cycles and 3000Wh energy, more than 12V 200Ah battery.

What is JYC gel series battery?

JYC GEL series battery is manufactured with special separators and silica gel immobilizing the electrolyte inside the battery. The proven silica gel technology can improve battery cycle life and performance at wider temperature range. The deep discharge cycle life is increased 50% compared with the JYC GP series battery.

How many 12V batteries do I Need?

1 12V batteries required. ?Enough Capacity & Best Performance? Compared with other battery, NPP 250Ah Gel Series battery with smooth discharging voltage and mild discharge platform. The NPP Battery can be stored almost two years with electrification, which is four times more than traditional AGM battery.

What is npg12-250 Ah & wide application?

?NPG12-250Ah & Wide Application? NPP Gel Deep Cycle battery that can be mounted in any position, Resists shocks and vibration. Long lasting high performance in high and low temperatures. The Gel battery can be used at widely difference in temperature from subzero 40°C (-104°F) to 60 °C (140°F).

12V 150Ah High-rate VRLA battery; Designed specifically for high-rate discharge (UPS) applications; Valve regulated, spill proof construction allows safe operation in any orientation (excluding continuous inverted use) Precision plate pasting ...

PG Gel Series 12V 150Ah Plus Power Battery

Amazon : NPP NPG12-150Ah 12V 150Ah Rechargeable Gel Deep Cycle Battery with Button Style Terminals
SLA Storage Battery for Off Grid Solar System, Wind, RV, Marine, Boat, Golf Cart : Patio, Lawn & Garden
... The NPD series is ideal for standby power supplies or frequent cyclic ...
