

# PVI 50 60TL-480 Solectria

What is a PVI 50/60tl inverter?

The PVI 50/60TL inverters are the most reliable, efficient and cost effective in their class. They come standard with AC and DC disconnects, three MPPTs, a 15-position string combiner, remote diagnostics, remote firmware upgrades and various protection features.

What is a Solectria PV 208?

Overview The SOLECTRIA PVI 25TL-208, PVI-36TL-480-V2, PVI 50TL-480, and PVI 60TL-480 are grid-tied, photovoltaic (PV), three-phase inverter, suitable for use in commercial or utility-scale installations.

What is a Solectria PVI inverter?

The SOLECTRIA PVI inverters are factory configured with MPPTs which are electrically divided into separate PV input zones: PV Input-1 (PVIn1), PV Input-2 (PVIn2) and PV Input-3 (PVIn3) (see Table 3-4). Each PV input zone operates as a separate and independent Maximum Power Point Tracker (MPPT). Independent

What is a 50 kW & 60 kW transformerless string inverter?

50kW and 60kW, 1000VDC Transformerless String Inverters Yaskawa Solectria Solar's PVI 50TL and PVI 60TL are grid-tied, transformerless three-phase inverters designed for ground mount, rooftop and carport arrays and can be installed from 0 - 90 degrees. The PVI 50/60TL inverters are the most reliable, efficient and cost effective in their class.

How many volts can a Solectria inverter output?

While the Solectria PVI 25TL-208, PVI-36TL-480-V2, PVI 50TL-480, and PVI 60TL-480 inverter has the ability to operate from 200-950 Vdc (Operating Voltage Range), it will only be able to output full rated power for its model from a limited Maximum Power Voltage Range for each model (see graphs).

Does the Yaskawa Solectria solar inverter have an anti-theft padlock?

The Yaskawa Solectria Solar PVI 25TL-208, PVI-36TL-480-V2, PVI 50TL-480, and PVI 60TL-480 inverters provide the option to install an anti-theft padlock (not included) when the installation is complete. The anti-theft padlock is used to prevent the inverter from being stolen when the equipment is installed outdoors.

Yaskawa Solectria Solar PVI 60TL-480 is a compact, transformerless three-phase inverter with dual MPP tracker. Toggle menu. Solar power made affordable and simple ... -22°C to +140°C (-30°F to +60°F) Derating occurs over +122°F ...
