

Quantium LiFePO4 Batteries Maxon Batteries

What is a LiFePO4 battery?

Quantium(TM) Deep Cycle Lithium Iron Phosphate[LiFePO4]batteries are safe,high-quality,energy-efficient and lightweight. They are becoming the preferred drop-in replacement for traditional Lead Acid,AGM,GEL batteries.

Are Maxon lithium batteries safe?

Maxon's Quanium range of lithium batteries are manufactured using the safe qualitylithium Iron (LiFePO4) cells with inbuilt battery management systems (BMS) for protection against overcharging and over-discharging. They offer a huge weight saving with a much higher cycle life compared to the lead-acid counterparts.

What is a LiFePO4 battery?

They are becoming the preferred drop-in replacement for traditional Lead Acid,AGM,GEL batteries. The LFP range of LiFePo4 batteries are designed to replace batteries for caravans,motorhomes,campers,4×4,watercraft,trolling motors,mobility equipment and are perfect for storing solar energy.

Do quantum LFP batteries come with a warranty?

The Quantum(TM) LFP Series deep cycle Lithium Iron Phosphate batteries come with a private use genuine three-year replacement warrantyby Maxon Batteries,an Australian family-owned business. This warranty is back up by a network of local stockists and can be claimed without hassles at your nearest store.

Are Maxon AGM drop-in batteries good?

The lightweight AGM drop-in replacement batteries are suitable for caravan, camping, marine, mobility and all deep cycle application. The Maxon AGM Heavy Duty batteries are a genuine deep cycle battery designed for frequent discharging while providing high capacity and long cycle life.

What is a Maxon AGM heavy duty battery?

The Maxon AGM Heavy Duty batteries are a genuine deep cycle batterydesigned for frequent discharging while providing high capacity and long cycle life. They can be discharged with a higher current than that of standard AGM batteries. Suitable for all industrial,UPS,solar energy,marine,4WD,and standby applications.

Quantium Lithium Iron Phosphate (LiFePO4) Battery 12.8V 24Ah. Quantum Deep Cycle Lithium Iron Phosphate (LiFePO4) batteries are a safe, high-quality, energy-efficient, lightweight drop-in replacement for traditional Lead Acid, ...

Quantium Lithium Iron Phosphate (LiFePO4) Battery 12.8V 42Ah Quantum Deep Cycle Lithium Iron

Quantium LiFePO4 Batteries Maxon Batteries

Phosphate (LiFePO4) batteries are a safe, high-quality, energy-efficient, lightweight drop-in replacement for traditional Lead Acid, AGM, GEL ...

Quantium(TM) Slimline Deep Cycle Lithium Iron Phosphate [LiFePO4] batteries are safe, high-quality, energy-efficient, lightweight. In addition, they feature an integrated quality intelligent battery management system [BMS] to ensure the ...

Quantium(TM) Deep Cycle Lithium Iron Phosphate (LiFePO4) batteries are safe, high-quality, energy-efficient batteries designed to replace traditional Lead Acid, AGM, and GEL batteries. They feature an integrated quality smart battery ...
