

Radian Series GS8048A GS4048A Sun Electronics

How do I update the firmware on my radian gs8048a?

Specifications Firmware Revision This manual applies to inverter models GS8048A and GS4048A with Revision 001.006.063 or higher. Updates to the Radian's firmware are periodically available. These can be downloaded from the OutBack website .

How does the gs8048a inverter work?

The inverter's design uses transformers and high-frequency H-Bridge FET modules to achieve the required high-wattage output. In the GS8048A, the dual design allows half the inverter to shut down for lower idle consumption when not in use. Operation The following items will affect the inverter's operation.

How many gs8048a units can be connected in parallel?

Up to 10 units can be connected in parallel for systems up to 80kW continuous power output. The GS8048A and GS4048A are certified to UL1741 for US applications, and CSA C22.2 No. 107.1 for Canada, and is IEC 62109-1 certified to meet the most stringent worldwide PV safety and emission standards.

Is the gs8048a UL certified?

The GS8048A and GS4048A are certified to UL1741 for US applications, and CSA C22.2 No. 107.1 for Canada, and is IEC 62109-1 certified to meet the most stringent worldwide PV safety and emission standards. This product is for selected North, Central and Latin American markets.

Where is Outback power gs8048a located?

Corporate Headquarters European Office 17825 - 59 Avenue N.E. Hansastrasse 8 Suite B D-91126 Arlington, WA 98223 USA Schwabach, Germany +1.360.435.6030 +49.9122.79889.0 900-0161-01-01 Rev B... View and Download OutBack Power GS8048A operator's manual online. Radian Series. GS8048A inverter pdf manual download. Also for: Gs4048a, Radian series.

What makes the new radian series so special?

The new Radian Series inherit the hallmark features of the original design, including: dual AC inputs for grid/generator flexibility with no external switching required, unparalleled surge capability and operational stability, easy field upgradeability.

The OutBack Power Radian Series GS8048A-01 Grid/Hybrid(TM) 8kW (full-flexibility grid-interactive/off-grid) Inverter/Charger is engineered toward one goal: making system design and installation easier and faster in grid-interactive and ...
