

Rongke energy storage official website

Rongke Power (RKP) is a leading global manufacturer of vanadium flow batteries (VFBs) and a prominent provider of energy storage solutions. Founded in 2008 by a team of visionary scientists, RKP has achieved significant milestones, secured over 300 patented technologies, and deployed more than 1 GWh of utility-scale batteries in strategic customer projects.

Flow batteries are long in lifespan, and convenient in assembly and expansion, while also capable of storing 1-20 hours of batteries. Chinese vanadium redox battery (VRB) supplier Rongke Power has now constructed the largest VRB energy storage plant in Liaoning, which is scheduled to commence operation starting from October.

Professional Battery Energy Storage System Manufacturer. Rongke New Energy is a leading professional battery energy storage system manufacturer. Our cutting-edge technology enables businesses and homes to control their energy consumption like never before. Our solutions ensure uninterrupted power supply during power outages and allow efficient ...

Guangdong Rongke Technology Co., Ltd is a national high- tech enterprise integrating R& D, production, sales and service of new energy battery pack products such as lithium battery, energy storage system and power system. The core team has more than 20 ...

Founded in 2019, Rongke New Energy Storage Companies is a national high- tech enterprise integrating R& D, production, sales and service of new energy battery pack products such as lithium battery, energy storage system and power system. The core team has more than 20 years of lithium industry experience.

About Rongke Power (RKP) Founded in 2008, Rongke Power is the world's leading supplier of vanadium flow batteries (VFBs) and a top producer of vanadium electrolytes. With over 300 patents and a strong global presence, RKP is dedicated to advancing energy storage technologies that support a sustainable energy future.

Dalian Rongke Power and National Energy Administration of China each own 50% of the project, which is located in Shahekou District, Dalian City, Liaoning Province. The technology was supplied by Dalian Rongke Power and UniEnergy Technologies. The project was constructed and operated by Dalian Constant Current Energy Storage Power Station.
