What is HF series solar charge inverter?

HF series is a new all-in-one hybrid solar charge inverter, which integrates solar energy storage & means charging energy storage and AC sine wave output. Thanks to DSP control and advanced control algorithm, it has high response speed, high reliability and high industrial standard. Four charging modes are optional, i.e.

What is a 48 h solar charge inverter?

48-H series is a new all-in-one hybrid solar charge inverter, which integrates put. Thanks to DSP control and advanced control algorithm, high reliability and high industrial standard. Performance characteristics Adopt full digital voltage and current do

Who is srne solar?

SRNE Solar Co., Ltd, established in 2009, is a state level high-tech enterprise that integrates R&D, manufacturing and sales of solar charge controller, solar lighting controller, offgrid hybrid inverter, etc. At present, SRNE is the world's leading supplier of solar controller.
