

SSRE 51 2V Series Greenrich

What is a greenrich SSRE battery?

This Greenrich range of battery systems provides diverse options to meet the specific energy storage needs for residential and light commercial installations. The SSRE 51.2V Series is a high-performance energy storage solution with a 51.2V rated voltage and 9.22 kWh usable capacity. It measures 550x280x610mm and weighs approximately 94kg.

How much power does a greenrich u-p6100 have?

With a whopping 6123 watt-hours of energy storage, the Greenrich U-P6100 offers ample power (9000W) to support a range of energy needs. The SSRE 51.2V Series is a high-performance energy storage solution with a 51.2V rated voltage and 9.22 kWh usable capacity. It measures 550x280x610mm and weighs approximately 94kg.

What is a greenrich high-voltage battery system?

The Greenrich range of high-voltage battery systems provides diverse options to meet the specific energy storage needs of different applications, from industrial and commercial settings to residential installations.

What makes the greenrich battery range so special?

The Greenrich battery range is equipped with advanced 1.5C technology, which ensures superior power output performance. This technology prevents the output bottlenecks often seen in 0.5C or 1.0C systems, allowing for efficient and consistent power delivery.

Why should you choose greenrich batteries?

The Greenrich range combines superior power output, advanced EV Tech for energy storage, high usable capacity, prioritised safety, and a design tailored for African conditions. These characteristics make Greenrich batteries a reliable and trusted choice for a wide range of energy storage applications.

How much power does a greenrich inverter produce?

Delivering up to 55kVA of maximum output power and a consistent 50kW of rated power, this inverter is perfectly suited for off-grid islands and villages lacking electricity. The Greenrich range of high-voltage batteries & inverters provides diverse options for industrial, commercial and residential installations.
