

Sanctuary Energy Storage System Lion Energy

What is Lion Energy sanctuary?

We make it easy for you to control the storage and efficient use of energy at home, work or play. Our Lion Energy Sanctuary system is ideal for garages, sheds, off grid location, tiny homes, and all sizes of standard homes.

Is Lion Energy sanctuary a good backup system?

Better solution. The Lion Energy Sanctuary is the only lithium-based backup system that comes with installation included (reducing unexpected costs on the back end of the purchase) and comes standard with an inverter while others may only provide the battery.

Does the Lion sanctuary use solar panels?

The Lion Sanctuary dramatically reduces energy cost when either paired with solar panels or in areas that have peak billing. Solar panels typically are most efficient during periods of lower demand. Pairing solar panels with the Lion Sanctuary stores energy during the day for use during peak usage time in the evening and early morning.

What is lioness / Lion energy storage system?

The LionESS or Lion Energy Storage System combines advanced smart technology and efficient energy storage with advanced lithium batteries and management systems. We make it easy for you to control the storage and efficient use of energy at home, work or play.

Does Lion Energy sell home solar panels?

*Lion Energy does not sell home solar panel systems. To add solar to integrate with your Lion Sanctuary system, please contact a licensed provider in your area. The Lion Sanctuary dramatically reduces energy cost when either paired with solar panels or in areas that have peak billing.

How long does it take to lose power at the sanctuary?

Avoid noisy, fuel-powered generators that require upkeep and maintenance. The Sanctuary uses lithium iron phosphate battery cells to give you immediate power that is safe, silent, and renewable. No maintenance is required. Losing power isn't fun. The average power loss duration in the US is 8 hours and increasing.
