

# Titanergy Ballasted Solar Mounting System

Ballasted solar racking is a mounting system for solar panels created for flat roofs with slopes of around one to seven degrees. They are generally circular or square frames made from industrial-grade plastic or aluminum, featuring top clamps for solar panels and a bottom "pan" that holds a counterbalancing weight.

Titanergy is a leading manufacturer of solar PV panel mounting systems and solar photovoltaic panel frames. If you need ground mounting system or roof mounting system, welcome to contact us. ...
