

JAC introduced the Yiwei 3, the first EV powered by a sodium-ion battery, at the Shanghai Auto Show in February. However, the model launched with an LFP battery, with JAC promising a sodium-ion version was coming. The automaker also revealed the sodium-ion-battery-powered Sehol E10X, featuring 25 kWh of capacity and 120 Wh/kg of energy density.

@article{Liu2023ANR, title={A novel remaining useful life prediction method for lithium-ion battery based on long short-term memory network optimized by improved sparrow search algorithm}, author={Yiwei Liu and Jing Sun and Yunlong Shang and Xiaodong Zhang and Song Ren and Diantao Wang}, journal={Journal of Energy Storage}, year={2023}, url ...

Reliance Industries Unveils Removable Energy Storage Battery; Revolutionizing Grid-Scale Battery Storage with Sodium-Ion Technology ... (JAC). They have introduced a new variant of the Yiwei 3, the first model under JAC's new Yiwei brand, powered by Hina Battery's sodium-ion cylindrical cells. Volume deliveries of this model are expected to ...

Established in 2001, EVE Energy Co., Ltd. (hereinafter referred to as EVE) was first listed on Shenzhen GEM in 2009. After 23 years of rapid development, EVE is now a global lithium battery company which possesses core technologies and solutions for consumer batteries, power batteries and energy storage batteries. (Stock code: 300014)

Yiwei Li Neng said that as Yiwei Power to expand overseas markets, especially the North American grid-level application market, the energy storage battery LF280K products passed the UL9540A test audit and obtained the certification certificate, which can effectively reduce the risk of customers in the license examination and approval of AHJ ...

[82.5G who! 10GWho! On the evening of June 10, Yiwei Lithium Energy issued a number of production expansion announcements: it plans to invest in a new project to build an annual 82.5GWh lithium-ion power storage battery capacity in Jingmen by stages, and to set up a new joint venture with Lin Yang Energy to invest no more than RMB 3 billion in the construction of ...

In terms of capacity construction, in October this year, Yiwei LiNeng announced that it would build a 50GWh power storage battery project in Chengdu; in November, Yiwei LiNeng signed an agreement with the Jingmen municipal government to build an annual 152.61GWh Jingmen power storage battery industrial park project in Jingmen City.
